Dear Meadowbrook Community,

As we recently shared, the process to find our next Head of School has been extended, and we are energized by the promise of strong candidates in this round of the search. Because of the work Educational Directions has done on behalf of Meadowbrook since May, we are not in a place where we are completely beginning again; instead, we are extending the process as we work to find the right person to be the next leader of Meadowbrook.

At this time, we are anticipating the process unfolding as follows:

By December 4 - Search Committee receives high potential candidates from Educational Directions

December 10-14 - Search Committee members interview semifinalists via Zoom

January 7-14 - Finalists visit Meadowbrook

We will continue to keep the community updated as we move forward and will ask again for your active participation again during the finalist visits in early January; your engagement in the process is critical and a part we take very seriously. Our community is stronger because of your time and involvement.

I also want to acknowledge the dedication, vision, and professionalism of the search committee. I am truly grateful to be working alongside them in this important moment for Meadowbrook. And, as always, we thank Mr. Reardon and all of the administrators, faculty, and staff for their commitment to Meadowbrook and the head search process.

Please do not hesitate to reach out if there are any questions, and know that your trust and support make a difference.

Sincerely,

Marlene Sidhu
