

Community Outreach Grub Day: November 14, 2025

We CAN make a difference!

Our community outreach this month will be directed to [Jenkintown Food Cupboard](#). In preparation for the holiday season right around the corner, we wanted to make sure those in our local community feel supported. Jenkintown Food Cupboard is a community-focused food insecurity organization, working to create accessible, stigma-free spaces for our neighbors to receive the food and nutritional resources they need and deserve. Kindergarten chose this special organization and our theme for this grub day: regular grub day, but thank you for bringing in...
