## **Little Adventurers Summer Program Weekly Themes 2024**

**Welcome Adventure Squads! (WEEK # 1 June 17th to June 21st)** - Welcome to Summer Camp! Let's start the summer off with a week of exploring. As each camper joins their squad, the adventure begins. Grab your hiking shoes and explorer backpacks as we explore the campgrounds and embrace nature.

**Art Around the World (WEEK # 2 June 24th to June 28th)** - Let's explore art from around the world! Campers will create a masterpiece from Africa, China, India, and Mexico. They will explore their creativity through a world of art!

**CAMP CLOSED (July 1st to July 5th)**

**STEM Week (WEEK #3 July 8th to July 12th)** - Explore hands-on, fun activities as we explore science, technology, engineering and math. Campers will create stable building structures with LEGOS, designing a maze, and building a robot.

**Field & Fitness Week (WEEK #4 July 15th to July 19th)** - Campers will enjoy a lesson in a different sport and field day activity each day. Each group will have a basketball, soccer, tennis, and croquet. This is a great time for campers to build strength, increase their motor skills, and learn how to work in a team.

**Mad Science (Week #5 July 22nd to July 26th)** - Have you ever mixed two liquids to make a solid? Join us as we learn about temperature change and the power of the sun. Each group will partake in age appropriate experiments everyday, with a chance to bring something home.

**Performing Arts (WEEK #6 July 29th to August 2nd)** - It's time to hit the stage and act! Campers will work together to create a play, make costumes, and put on a show for their family. Camp families will have the opportunity to visit the camp to enjoy the show.

**All About Campers (WEEK #7 August 5th to August 9th)** - Let's end the summer having fun exploring the campers favorite activities. Campers will pick their favorite activities and weekly themes they enjoyed throughout the summer.
